MESSAGE

From The Desk Of Principal

nurturing environment so that their latent talents and capabilities can be manifested. True education brings in refinement, tolerance, self-control and the wisdom to act for the greater good of all.

Education also equips the students to use their knowledge, intellect and skills to forge a livelihood through a career of their choice. It also motivates them to strive for excellence and achieve personal and professional success and accept such success with grace and humility. I hope all students under our care at Paramount Senior Secondary School truly reflect this and we can further help them to be groomed as worthy citizens of the country.

Ours being a nation with enormous potential, we at Paramount Senior Secondary School have undertaken the task of creating worthy citizens of the country by exploring the various facets of education. In this changing scenario we shall imbibe the infinite with wisdom and create Paramount Senior Secondary School as a true centre of excellence.

The definition of life is changing every moment in the lexicon of modern times. Our varied customs, convictions and ideologies have undergone a metamorphosis creating a boom in scientific evaluation and cybernetics.

Life is no longer simple and smooth like prose or soothing like poetry; it is all about leading a meaningful life. Changes in social development have ushered in an era of liberty in social, religious or economic matters. Empowered with self-esteem and confidence modern life surges towards economic independence- the road to prosperity.

In Paramount Senior Secondary School, we guide students in a caring and

Thank you all.

MESSAGE

From The Desk Of Vice Principal

It is a pleasure for us as an institution to welcome all parents and students in our new establishment. In relation to the growing demands in the locality, we have fairly executed our plan to guide students from the very beginning of their education. We are committed to deliver quality education and good character to our students from Nursery to Class-XII now onwards.

Education is the sole entity which can ensure bright future of the students in particular, and nation in general. It is said that “education is the pillar of a nation” which means without education no nation can achieve prosperity. So, to make our nation prosperous, we the teachers, the guardians and the students have to work hand in hand. Your academic life is the first step in this mighty work and we will always be there with you.

May you become successful and glory to your parents, to us and to the entire nation.

Thanks
Sahariar Alam Barbhuiya
M.Sc. B.Ed. TET.
Vice Principal, PSSS

Introduction to PREPRIMARY, PRIMARY & SECONDARY Sections

Paramount Senior Secondary School is committed to serve the locality with quality education. With visionary aims and objectives we are stepping forward day after day. The increasing demands of the alarmed guardians boost us to launch our **pre-primary, primary & secondary education** along with our higher secondary courses. Let's celebrate the improved education system in our new campus, which will be opening shortly at College Road, Hailakandi.

Nursery, KG-I, KG-II Education:

When it comes to preschool education, there are several teaching methods that educators can use to suit the learning styles of individual students. These include interactive learning, content-focused curriculum and learner-centred teaching styles.

- In this relation, focus is laid on foundational skills, whether it is language, cognitive or numeracy skills, popularly mentioned it as FLN in NEP 2020.
- The pedagogy focuses on futuristic activities, hands-on experiments and other assignments.
- Curriculums focus on learning experiences to help childrens'overall development.
- Values-based learning component that helps students become sensitive.
- Play-way method encourages social skills development.

Primary Education:

Primary education or **elementary education** is typically the first stage of formal education, coming after preschool/kindergarten and before secondary school. In this stage the importance is strongly brought on basic education in reading, writing, and mathematics along with an elementary understanding of other subjects.

Secondary Education:

As we know secondary education is the advanced phase or stage II of traditional formal education that categorizes ages 11 to 18. The dichotomy between secondary and primary education is becoming more and more blurred in recent times due to the convergence of advanced educational mechanism.

In secondary sections the education to students is performed with more conscious efforts and thereby bringing notice on significant values of moral and fundamental education system.

Stand tall in the universe; it's time to draw your success in a unique way. Just listen and note the classroom teaching at 'Paramount Senior Secondary School' and you will be on the right track. It's an initiative of 'Paramount Educational Trust' which desires to serve the nation with the power of education. The school comes with an inspiring motto to serve the educationally sincere families who bear a good dream for their future generation. The school focuses on the all round development of a student to build a potent and educationally sound nation.

Visionary Goal

It is the value of education that drives us to observe our valley in the educational map of the nation. As a knowledge provider, we want every student to perform with the best possible potential in every examination he or she faces in life.

Classroom Ambience

ATTENDANCE

It is compulsory for every student to attend the classes regularly. The student must be punctual and respectful towards the mentors. All students should bear a minimum of 85% attendance throughout the session or he/she will not be allowed to appear in the final examination.

EXAMINATION

In **senior secondary sections** the school cares to develop the students' best possible performance by tasking lesson wise weekly evaluation process in different phases. The marks obtained are noted in the diaries of the students to help them analyse their academic performance. In **primary and secondary sections** the school is pointing to carry two schedules of unit tests bearing 50 marks for each subject. Apart from those, one mid term exam bearing 100 marks & one final exam bearing 100 marks each subject for nursery to class IX students will be carried time to time. The results of the students of nursery to class VIII in the school will be calculated on the basis of their aggregate performances in unit tests (20% of the score), midterm exam (30% of the score) and final exam (50% of the score) respectively. Where as the results of class-IX will be totally based on the performance in final examination, ie. the percentage of score of a student in final examination.

EXCURSION

Excursion is a part of Education mechanism of Paramount Senior Secondary School. Every year an excursion is conducted for the practical exposure of the students. It is very effective way of learning the topics, history & discoveries.
